## Profile

I am a Front-End Web Developer with expertise in the latest front-end technologies and advanced knowledge of interface design. With a passion for coding and creating usable and aesthetically appealing websites, I have successfully developed many projects, both independently and in teams. I enjoy the challenge of creating innovative solutions and delivering an exceptional user experience. My goal as a front-end web developer is to contribute to dynamic development teams where I can share my ideas, learn from other professionals and collaborate for the best possible outcome.

## Education

**Democritus University of Thrace, Xanthi, Greece**

**1st General High School of Katerini, Greece** with Degree Grade: 18.0/20

# Work Experience

***Front-end Web Developer at the Company*** *Webnerds*

(March 2021 - February 2023)

As a Front-End Developer at Webnerds web development company for two years, I took on many responsibilities and achieved significant successes. During my work, I developed many websites using HTML, CSS, jQuery, JavaScript and the OpenCart content management system. My duties included designing and developing advanced user interfaces, ensuring compatibility with various browsers and devices, and optimizing the performance of websites for an optimal user experience. I also took on the task of working with the design team and clients to develop functional and aesthetically appealing websites.

***Barista & Bartender in various clubs and coffee shops in Pieria and Xanthi***

(January 2016 - September 2023)
